Dear Jerry:

Here's the clip back. Thanks for sending it to me. There's something Foreman said that I can't believe -- that Jimmy would allow himself to be captured.

Still working hard, book still going well. Writing steadily every day. I hope I am going so be able to stop in Atlanta on my way back North after Christmas. I've got reservations now to leave Savannah on January 9. Might I stop over and see you the next day, January 10? Or even on the night of January 9?

I am leaving here to go South on December 23rd. If you are leaving Marietta before that, please call me collect and let me know.

Best,

Mr. Jerry Ray
